

I remember watchin'
All the once upon a times
Remember thinkin'
Who's content and who's for rent
And you said don't you want to be like that man!?
Oh No--No--No!
But then he cracks that smile
And that don't look so bad to me.....

Happy--I'm Happy
But that ain't good enough for you
Happy--I'm Happy.....

I remember thinkin'
How they thought that we should be
Remember feelin'
That might be you but that ain't me
And you said don't you want to be like that man!?
Oh No--No--No!
But then he cracks a smile
And that don't look so bad to me.....

The suns that rise
A young girl sighs
A baby cries
An old mans eyes

I remember watchin'
All the once upon a times
Remember thinkin'
Who's content and who's for rent
And you said don't you want to be like that man!?
Oh No--No--No!
Then he cracks that smile
And that don't look so bad to me.....
