

Hello, It's Me

Sister Hazel

You left your coat in my car
A fortunate excuse to take it anywhere you are
You got yourself under my skin
A permanent reminder of my temporary times with you

You left your words on my lips
The sweetest little song and I taste every little bit
You left your light in my eyes
Reminding me relentlessly how time just slips away with you

Hello it's me
Can I come over
You see I've got your favorite coat
It could be cold and rain tomorrow
I couldn't stand to see you soaked

I've got your face in my head
A little piece of you I have until we meet again
You left your sweat on my skin
Reminding me relentlessly how time just slips away with you

Hello it's me
Can I come over
You see I've got your favorite coat
It could be cold and rain tomorrow
I couldn't stand to see you soaked

Hello it's me
And it's no problem
I was already in my car
It would be nice if I could see you
I'll take you anywhere you are

It's two steps forward one step back
I get so nervous that I crack
I've got so much I want to tell you
I just don't know what to say
You know when pushing come to shove
You've got me hypnotized my love
I've got so much I want to give you
I just don't know what to say sometimes

Hello it's me
Can I come over
You see I've got your favorite coat
It could be cold and rain tomorrow
I couldn't stand to see you soaked

Hello it's me
And it's no problem
I was already in my car
It would be nice if I could see you
I'll take you anywhere you are
