

# I Believe in You

Sister Hazel

Don't believe ill be left behind  
Don't believe in the bottom line  
Don't believe there's axe to grind  
Don't believe you can buy more time

Don't believe what that they say is true  
Don't believe that its win or lose  
Don't believe that we've got to fight  
Don't believe that I'm always right

I believe in you  
(I believe in you)  
I believe in you  
(I believe in you)

Don't believe we stop and listen  
Cant you see there's something missing  
Take a look from the blue birds eye  
Get his view from way up high

I believe in you  
(I believe in you)  
I believe in you  
(I...)  
I believe in you  
(I believe in you)  
Believe in you  
Believe in you

Don't believe that I'm all alone  
I don't know what I don't know  
Drag your hands across the sky  
Don't believe you need wings to fly

I believe in you  
(I believe in you)  
I believe in you  
(I...)  
I believe in you  
(I believe in you)  
I believe in you  
(I believe in you)
