

# Killing Me Too

Sister Hazel

Lend me your ear and I'll tell you about the things I fear  
Open your heart and I'll tell you why I'm torn apart maybe  
Lend me your car and we'll go chase down a falling star  
Give me your hand cause it takes that fire to understand

When was the last time you felt high  
Oh you were the best I've ever felt  
I don't need you fix me  
I just want you to listen

It's killing me too  
It's so wrong not to be with you  
It's getting harder to stay awake  
It's killing me too  
It stops my heart just to be with you  
So listen cause you are the only one who cares to hear

Lend me your time and we'll go somewhere and kill some wine baby  
Show me your soul and I'll shine my light where it seems so cold now  
Give me your lips and I'll tell you about all the things I miss the most  
Open your mind and I'll crawl right up and sleep inside of it  
To hear me
