

# Love Don't You Go Through No Changes On Me

Sister Sledge

I can't deny this feeling inside  
That makes me love you  
I'm under a spell but how can I tell  
If it's really true love

[How] How can I be sure [Be sure]  
Love don't walk out the door  
Are you for real with the love that you feel  
Or will it change with time, oh, no

Love don't you go through no changes on me  
No, no, no  
Love don't you go through no changes on me  
No, no, no

Love don't you go through no changes on me  
No, no, no  
Love don't you go through no changes on me  
No, no, no, no, no

No  
No, no, no  
Don't come with me, no  
Don't come over here  
Ooh

You know I'm fair and that I care [I care]  
Boy, I'm crazy about you  
Wanna let myself go but I don't know [Don't know]  
Just how you feel about me

[No] No, I can't afford [Afford]  
To be hurt like before  
Are you for real with the love that you feel  
Or will it change with time, oh, no

Love don't you go through no changes on me  
No, no, no  
Love don't you go through no changes on me  
No, no, no

Love (Love) don't you go through no changes on me  
Yeah, yeah, yeah, yeah  
Love (I feel your love) don't you go through no changes on me  
Don't come with me, don't come with me  
Boy, I got your lovin'

Love don't you go through no changes on me  
No, I got the love  
Love don't you go through no changes on me  
Not on me, not on me, I don't want your lovin'

Love (No) don't you go through no changes on me
