Detonation Boulevard

The Sisters of Mercy

Ain't coming

On detonation boulevard

Through the angel rain
Through the dust and the gasoline
Through the cruelty of strangers
To the neon dream

Long distance information

Just tell me where the manholes steam

A little girl waits on my station

With a new machine

On detonation boulevard

I got wrecked out here
In a El Dorado
I got wired, white-walled
For this hot-wired sedan

I caught somethin' weird in Ensenada I've a brother of sorts in Torquemada Long distance information
Disconnect me if you can

On detonation boulevard

Pink noise, white noise And a violet whining sound Oh it burns inside this car

No cops, no signs, no left, no right No stops, no turning round Well you can run but you can't ride You won't get far

On detonation boulevard Bang bang

On detonation boulevard

Through the angle rain
Through the rust and the gasoline
Through the cruelty of strangers
To the neon dream

Long distance information
I'll take the same
I got the fuel for the transformation
I'm a naked flame

On detonation boulevard Bang bang
