

You Make Me Feel (Like Myself)

Sita

(N.Kershaw/Douglas Carr)
I can say what's on my mind
'cause I want to
I can stop and take my time
That's ok too
I know you can take it
So I don't ever have to fake it
You make me feel like myself
You do that like no one else
You make me see who I am
You do that like no one can
I can stay in bed all day
Yeah I know I could
I can dance the night away
'cause it feels so good
You don't have to please me
You make being me so easy
You make me feel like myself
You do that like no one else
You make me see who I am
You do that like no one can
I'm free to give it all to you
I'm free to love you like I do
And I really hope I make you
Yeah I really hope I make you feel it too
You make me feel like myself
You do that like no one else
You make me see who I am
You do that like no one can
You make me feel (like myself)
