

## Falling in Love

Siti Nurhaliza

Once in a life time  
An angel sweeps u off your feet  
And everything I'm about  
Disappears before my eyes  
You're taking me higher when I hear u speak to me  
It feels so familiar that I'm caught up in this fantasy  
Now I can't seem to fight myself  
Oh I can't seem to ease my mind  
Oh I think I'm falling, I'm falling  
And I can't stop falling, I'm falling in love with you  
When I look into your eyes  
I see your love that comforts me  
Every now when I go to sleep  
I wait to see u in my dreams  
You're taking me higher  
When I hear u say my name  
I'm trying to tell u  
That I never want to let u go  
Now I can't seem to fight myself  
Oh I can't seem to ease my mind  
Oh I think I'm falling, I'm falling  
And I can't stop falling, I'm falling in love with you  
Over and over again  
It plays out in my mind, I can see it clearly  
You've given me something new to believe in  
Come take me away  
Oohhh (Come take me away)  
Away  
Come take me away

Away (Come take me away)

Away, away

(2x)

Now I can't seem to fight myself

Oh I can't seem to ease my mind

Oh I think I'm falling, I'm falling

And I can't stop falling, I'm falling in love with you

I'm falling in love(3x)

Love love...with you.
