

## Alive to Kill You

### Six Feet Under

My love for you it can't be matched  
My intense hatred gives me strength  
The end I cannot fathom  
In the night my soul is reborn  
Killing you in a frenzied rage  
I stab your face  
The blood runs now, a slow death  
The beckons me  
To attack you viciously

My lust, it grows, I hunt you dead  
This evil cannot be wished away  
Hidden in the subconscious  
The real me is now alive  
Alive  
Alive to kill you  
The torture will never end  
The molestation of the flesh  
I will cut you to the bone  
It never ends, you are alone  
My lust for dead bodies now grows  
A slaughtered child, this tortured soul  
Will never rest  
This cruel mind, will never stop  
Until you've died  
Died, you've died - you have died  
Alive  
Alive to kill you  
Alive to kill you  
I live to kill you
