

# Decapitate

## Six Feet Under

Perversion, the sickness, it grows  
Blisters they fester on skin now  
Rotten, your genitals now bloat  
Pus seeps from holes poked through dead flesh

Decapitate the dead awake  
Decapitate your soul they'll take  
Pus seeps from holes poked through dead flesh  
Brain open, dissected and leaks  
Organs of your corpse fall from you  
Rigor mortis slowly sets in

Decapitate the dead awake  
Decapitate your soul they'll take  
Decapitate reanimate  
Decapitate  
The dead awake

The dead they feed  
On life on souls  
The dead they want your life  
Your blood  
The dead they feed  
On life on souls  
Your brain and bowels  
Your life  
Your bones

Decapitate the dead awake  
Decapitate your soul they'll take  
Decapitate reanimate  
Decapitate  
The dead awake
