

## Stump

### Six Feet Under

the knife will cut into your flesh soon to be ripped  
through  
your screams fall on deaf ears, the pain surmounting  
it now engulfs you, the terror it builds too the fear  
of your own death,  
a putrid dismemberment  
pools of blood drip from your carcass  
open wounds cleaned with your piss

in feces i drown you choke on the filth of you  
your skin is smeared with shit the knife cuts into it  
your screams fall on deaf ears, the pain surmounting  
the fear of your own death, a putrid dismemberment  
pools of blood drip from your carcass  
open wounds cleaned with your piss

see the knife  
cut your flesh  
still alive  
but decapitated

headless stump  
buried deep  
severed legs and arms  
and pulled out teeth

fingers cut off  
and toes too  
left in water electrocute  
from eye sockets blood does shoot  
gangrene is fed to you

The nightmares have come true, a violent death is upon  
you  
the pigs will never find you  
ill scatter the pieces of you  
flesh and skin is removed  
everybone, every bone in your body is smashed
