## Torn to the Bone

## Six Feet Under

Blood on skin, so pale Stained and cold there's something I've wanted for so long

the taste of flesh hunger for blood sever the skin torn to the bone

fresh blood bleeds dripping from wounds veins leak as skin turns blue

the taste of flesh hunger for blood sever the skin torn to the bone

Bodies ripped apart skin begins to rot injest the infection of the dead

Blood on skin, so pale stained and cold this is something I've wanted for so long

the taste of flesh Hunger for blood Sever the skin torn to the bone
