

## Breathe

Sixpence None The Richer

Take my sorrow and my sin  
I will run into your arms again  
Hold me father  
Once again my tears are dried  
By your perfect love that's river-wide  
Over-flowing  
As I stand on it's bank  
With my arms overhead  
I am overcome  
As I breathe  
The air of heaven  
Drawing in your fragrance  
When I breathe  
I feel your fullness come alive  
Inside of me  
You're the breath that I breathe  
Covered by the evening sky  
I turn my gaze to where your kingdom lies  
Deep inside me  
A silent whisper in my mind  
Sweet surrender to your love divine  
Peace enfolding  
In the stillness I empty my soul  
And your healing presence flows  
As I breathe  
The air of heaven  
Drawing in your fragrance  
When I breathe  
I feel your fullness come alive  
Inside of me  
You're the breath that I breathe  
It's taking hold  
It's second nature when i  
Savor...  
When i  
Savor...

You

As I breathe...
