Skin

Sixx:A.M.

Paint yourself a picture Of what you wish you looked like Maybe then they just might Feel an ounce of your pain

Come into focus Step out of the shadows It's a losing battle There's no need to be ashamed

'Cause they don't even know you All they see is scars They don't see the angel Living in your heart

Let them find the real you Buried deep within Let them know with all you've got That you are not your skin

Oh Oh

When they start to judge you Show them your true colors And do unto others As you'd have done to you

Just rise above this Kill them with your kindness Ignorance is blindness They're the ones that stand to lose

'Cause they don't even know you All they see is scars They don't see the angel Living in your heart

Let them find the real you Buried deep within Let them know with all you've got That you are not your skin

Oh

Well, they don't even know you All they see is scars And they don't see the angels Living in your heart

So, let them find the real you Buried deep within Let them know with all you've got That you are not You are not your skin
