

# Smile

Sixx:A.M.

As the light  
Washes over the morning rise  
You're still asleep  
And that's alright

I can be still  
'Cause you look so sweet  
And beautiful  
Next to me

And all my life  
I've been waiting for someone like you

To make me smile  
You make me feel alive  
And you're giving me everything  
I've ever wanted in life

You make me smile  
And I forget to breathe  
What's an angel like you  
Ever do with a devil like me  
You make me smile  
You make me smile  
You make me smile  
Smile

Still in bed  
Sun is beatin' down  
In the hotel room  
On the edge of town

Wake up, baby  
There's three hundred miles to drive  
And the truckstop preacher  
He says God is on our side

And all my life  
I've been waiting for someone like you

To make me smile  
You make me feel alive  
And you're giving me everything  
I've ever wanted in life

You make me smile  
And I forget to breathe  
What's an angel like you  
Ever do with a devil like me  
You make me smile  
Oh smile  
You make me smile  
Yeah

All my life  
I've been waiting for someone like you

To make me smile  
You make me feel alive  
And you're giving me everything  
Everything I've ever needed in life

You make me smile  
And I forget to breathe  
What's an angel like you  
Ever do with a devil like me  
You make me smile  
You make me smile  
You make me smile  
You make me smile  
You make me smile
