

# Knowing Each Other (the Handle Riddim)

Sizzla

Oh ooh oh oh oh oh  
love you so oh oh ah  
Girl I love to see you when you dressed up  
and freshed up I got it all for you  
Don't think I'm rude its just the blessing  
when I call to you

I see it in your eyes  
You're acting shy  
Know you wanna be mine  
Love is so beautiful ain't it?

Why are we passing each other like that?  
Why aren't we talking to each other like that?

I've seen you so many times  
Its just hi and bye  
Well now is the time  
My acquaintance get greater, girl

How about getting to know each other?  
How about you and I being much closer?  
There's something about her...  
Love ain't gonna go away  
Love ain't gonna go away

My darling dear we're exchanging words  
Showing all my care, trust in love

I see it in your eyes  
You're acting shy  
Know you wanna be mine  
Love is so beautiful ain't it?

Nothing out there is gonna break us up  
In each other's arms we're waking up

I've seen you so many times  
Its just hi and bye  
Well now is the time  
My acquaintance get greater, girl

How about getting to know each other?  
How about you and I being much closer?  
There's something about her...  
Love ain't gonna go away
