Sizzla

Ey, can I tell ya dis:

Oh, strictly marijuana,  
A natural plant, it's grown from herb  
That's a natural herb, no one ever  
To take the herb  
Fuckin' chemicals  
That's drugs, okay?

No we don't give a fuck, we just  
Smokin' of marijuana till our brains get starve  
Feel my blood, without  
No we don't give a fuck, we just  
Burnin' of marijuana till my brains get starve  
Oh, what precious plant, to destroy it  
I just can't  
This is what the world want, smoking ganja  
Once again  
Doctors use it in their laboratories,  
We've got prophets to give you it's history  
Smokin' touches everybody's heart - it's mistery  
Look now:  
It's good for the family,  
Good for the parents  
It's good for the folks  
Good for the children

It's good for cataracte  
It's the medicine, the medicine  
For me and you

No we don't give a fuck, we just  
Smokin' of... until our brains get starve  
Without, without  
No we don't give a fuck, we just  
Sharin' of marijuana till my brains get starve

Yo  
Knowledge is golden, so teachin' marijuana  
A program, for Babylonian, can reach it  
They say dat's illegal, yet they want to steal it  
They believe it

Smokin' grass keep me feelin' irie,  
Raggamuffin, oh who dare to try it  
I'm always joyful and lively,  
Marijuana put? beside me

I don't give a fuck, I just  
Smokin' of marijuana till our brains get starve  
Feel my blood, without  
No we don't give a fuck, we just  
Smokin' of marijuana till our brains get starve  
Without, without

Hey, yo, can yo' give me a break  
I'm just going to roll another spliff,

Haha

I know it's in my blood, floating  
Through my venes, knowing it's in  
My brain, just can't stop empererror  
Selassie's name.

I don't give a fuck, we just  
Smokin' of marijuana till our brains get starve  
Withooooout  
No we don't give a fuck, we brutalize it  
Of marijuana - I smoooooke it!

Oh, what precious plant, to destroy it  
I just can't  
This is what the world want, and not by chance  
Doctors use it in their laboratories,  
We've got those to give you it's history  
Smokin' touches everybody's heart - it's mistery  
Look now:  
It's good for the family,  
It's good for the parents  
It's good for the folks  
It's good for the children

It's good for and cataracte  
It's the medicine, the medicine  
For me and you

No we don't give a fuck, we just  
Smokin' of... until our brains get starve
