

# Perfect One

Sizzla

Oh you and you alone, do the things you do, so clever  
I've never seen no one, like you, oh baby oh never  
You make me feel at home when you're in my arms  
I could never feel much better, keep you oh safe and sound,  
I wanna spend my whole life with you, forever  
Come stay with me girl, don't play with my love  
A love for you to treasure  
Oh speak all the words, you're mine and I'm yours  
and that just can't be measured  
You surely deserve all the things that preserve  
at your own leisure  
I know I'm the one you can rely on, let's stay together

Cuz I'm the perfect one for you  
and you're the perfect one for me  
I will never make you blue  
girl you're my everything  
I'm the perfect one for you  
you're the perfect one for me  
I will never make you blue  
girl you're my everything, ok

You make me feel so good, you make me feel so great  
Love just like I would, love looking at your smiling face  
All I care about is your love,  
girl I've been thinking of all the things we've done  
People say things just to see us slipping,  
and it still don't break us up  
She found the great making good love making,  
most high take us up cuz, that's the way we ought to go

I'm the perfect one for you  
you're the perfect one for me  
I will never make you blue  
girl you're my everything  
I'm the perfect one for you girl  
you're the perfect one for me  
I will never make you blue  
girl you're my everything

Don't be shy come my way,  
girl I'll tell you why love leads the way  
I'm so satisfied with the blessings of today  
What's yours that's yours and it could never go astray  
Girl you're so beautiful and I'm so handsome,  
just be fruitful I won't hold you ransom  
In my world girlfriend you're always welcome  
Oh oh listen to my song

I'm the perfect one for you  
you're the perfect one for me  
I will never make you blue  
girl you're my everything  
I'm the perfect one for you girl

I will never make you blue  
girl you're my everything
