

Hulk Hogan

Skankin' Pickle

When I was 15 years old, I weighed only 96 lbs
Then my PE teacher told me about anabolic steroids
My body started to swell, my penis didn't look too well
After deep thought meditation, I joined the Wrestling Federation
When I step into the ring, little hulksters scream and shout
Although I'm feeling really, I can't keep my hair from falling out
Macho grabs me by the hair, throws me up into the air
There goes another 60 strands out into the screaming fans
I'm Hulk Hogan
I am losing all my hair
