

## Hulk Hogan

### Skankin' Pickle

When I was 15 years old, I weighed only 96 lbs  
Then my PE teacher told me about anabolic steroids  
My body started to swell, my penis didn't look too well  
After deep thought meditation, I joined the Wrestling Federation  
When I step into the ring, little hulksters scream and shout  
Although I'm feeling really, I can't keep my hair from falling out  
Macho grabs me by the hair, throws me up into the air  
There goes another 60 strands out into the screaming fans  
I'm Hulk Hogan  
I am losing all my hair
