

Hate and Rage

Skarface

I've got enough of it
So many lies told by jackass
I'm never gonna quit
Before kicking somebody's ass
Too much people who stink
Are against me but I fuck them too
They'll better do something
Or else they'll finish cut in 2
I try my best to run
Cause it's better than end in jail
Play music and have fun
That is my rule but I like to make pain
I'm nice but can be cruel
If the subject is get rid of you
You'll learn one day for good
The violent things I can do
Fear hate and rage
I wish you dead
