

## Midnight hour

Skarface

I'm gonna wait till the midnight hour,  
That's where my love use to troubling down  
I'm gonna wait till the midnight hour,  
When there's no one else around.  
I'm gonna take you girl and hold you,  
And do the things I told you! In the midnight hour...  
I'm gonna wait till the stars come out  
To put that trigger in your arms  
I'm gonna wait till the midnight hour  
That's where my love begin to shine  
You're the only girl I know  
And I really love you so!
