

Never ever bet

Skarface

What a mess and why I've done it? Again I put myself in
that kind of shit
Who need ennemies? It's not me! Alone I'm enough to
bring me problems
Just another drinking night with my mates in a pub that
allright
So what's the need for me to bet with my best friend
Alex? I can't tell!
What a trouble, what a mess! As I stand there naked with
that girl
Like a child intimidated with that monster of double my
weight
Never ever bet with a friend you're able to go in bed
with any girl
Nasty or fat it's not a problem as you're in a word a sex
performer
He will laugh and give the challenge to fuck the ugliest
girl of the place
Then when come the time for action you will feel yourself
a bit depressed
