It didn't take you very long to get to me You must have seen me sittin' on the shelf You reached for me and touched me oh so tenderly Then you took me down and kept me for yourself.

Now I'm all wrapped up in the arms of your love sweet love

All wrapped up in the arms of your love sweet love To know the thrill of your embrace is everything that I ever dreamed heaven was

I'm all wrapped in the arms of your love.

I'm all wrapped (all wrapped up) in the arms of your love sweet love

All wrapped up (all wrapped up) in the arms of your love sweet love

To know the thrill of your embrace is everything that I ever dreamed heaven was

Yes I'm all wrapped (all wrapped up) in the arms of your love

(Arms of your love...)
