Both Sides Now

Skeeter Davis

Bows and flows of angel hair and ice cream castles in the air And feathered canyons everywhere I'd look at clouds that way But now they only block the sun they rain and snow on everyone So many things I would have done the clouds got in my way I'd look at clouds from both sides now from up and down and still somehow

It's cloud delusion I recall I really don't know cloud at all

Moons and Junes and fairy squeals the dizzy dancing way you fee

Is every fairytale complete I'd look at love that way
But now it's just another show we've been laughin' when you go
And if you care don't let them know don't give yourself away
I'd look at love

Tears and fears and feeling proud say I love you right out loud Dreams and schemes and circus crowds I'd look at love that way But now old friends are acting strange they shake their heads they say I'd change

But something's lost and something's gained in living every day I'd look at love
