

## Country Girl

Skeeter Davis

I was born a country girl I will die a country girl  
My world is made of blue skies and sunshine greenfields and butterflies  
I'm so glad I'm a country girl  
Birds sing good morning country girl I sleep to the sounds of a  
whippoorwill  
My day is made with puppies and kittens meadows and daisies  
I'm so glad I'm a country girl

Running over hills playing in the woods free breezes blowing  
Honeybees warming blackbirds a flying wonder where they're going  
Picking stick-me-  
tights off my gown and dress darkness is falling  
Fire wood to carry eggs to gathering supper's ready mother's calling

I was born a country girl I will die a country girl  
My world is made of blue skies and sunshine greenfields and butterflies  
I'm so glad I'm a country girl I'm so happy I'm a country girl
