

I'm Saving My Love

Skeeter Davis

I'm saving my love
For someone who loves me
For someone who loves me
The way I loved you

I'm saving my lips
For someone to kiss me
For someone to kiss me
The way I kissed you

Time after time
I've waited for your caress
Time after time
I've waited in loneliness

I'm saving my dreams
For someone to dream of
For someone to dream of
Like I dreamed of you

Time after time
I've waited for your caress
Time after time
I've waited in loneliness

I'm saving my love
For someone who loves me
For someone who loves me
The way I loved you
