

# I Want To See You Too

**Skeeter Davis**

If you would see me just one time  
You'd know you own this heart of mine  
I never have stopped loving you  
Darling I want to see you too.

These lips have kissed no one but you  
My empty arms hold no one new  
The only love I've known is you  
Darling I want to see you too.

Oh, oh, oh, oh, come back to me  
And I know you'll see  
My ay, ay, ay, my love is true  
Darling, I want to see you too.

I'll just keep waiting patiently  
And hope that you'll come back to me  
My hungry heart longs just for you  
Darling I want to see you too.

Oh, oh, oh, oh, come back to me  
And I know you'll see  
My ay, ay, ay, my love is true  
Darling, I want to see you too...
