

I Want To See You Too

Skeeter Davis

If you would see me just one time
You'd know you own this heart of mine
I never have stopped loving you
Darling I want to see you too.

These lips have kissed no one but you
My empty arms hold no one new
The only love I've known is you
Darling I want to see you too.

Oh, oh, oh, oh, come back to me
And I know you'll see
My ay, ay, ay, my love is true
Darling, I want to see you too.

I'll just keep waiting patiently
And hope that you'll come back to me
My hungry heart longs just for you
Darling I want to see you too.

Oh, oh, oh, oh, come back to me
And I know you'll see
My ay, ay, ay, my love is true
Darling, I want to see you too...
