

In The Misty Moonlight

Skeeter Davis

In the misty moonlight by the flickering firelight

Any place is all right long as I'm with you

In a faraway land on the tropic sea sand

If your hand's in my hand I won't be blue

Way up on the mountain a way down in the valley
I know I'll be happy anyplace anywhere I don't care
In the misty moonlight by the flickering firelight
Any place is all right long as you are there

You know I could be happy in just one little room with only a table and a chair
As happy as I'd be in a kingdom by the sea darling if you're there

And I could be rich or I could be poor but if you were by my side
I could be anyplace in the whole wide world and I know that I'll be satisfied

Way up on the mountain...
Any place is all right long as you are there
