

## Let's Make Love Not War

Skeeter Davis

Come on baby let's make love not war  
Come on baby what have we fighting for  
Don't let a silly fight keep us apart tonight  
Come on baby let's make love not war.

Now everytime we fight you know it makes me so sad  
But don't say things you know gonna make me mad  
Let's hold each other tight and everything will be all right  
Come on baby let's make love not war.

We fall over silly things that always makes me cry  
And babe when I hurt you tears me up inside  
Let's take the time to count to ten and we'll be laughin' again  
Come on baby let's make love not war.

Come on baby let's make love not war  
Come on baby what have we fighting for?...
