

You Mean The World To Me

Skeeter Davis

Daylight comes and bluebirds sing and outside the grass is green

But I don't care if sun shines or it's rain

'Cause I'm happy as I can be as long as you will stand by me

And nothing beside of heaven can make me change

'Cause you you mean all the world to me you mean all the world to me

You start my day with warm sweet kiss keep my world turnin' with your tenderness

You always the right things when I'm blue

When dark clouds cover my sky temptation looks me straight in the eye

It all disappears when you say I love you

'Cause you you mean all the world to me you you mean all the world to me

And I love you you mean all the world to me yes you you mean all the world to me
