

# Bane of the Black Sword

**Skelator**

I see myself trapped inside this blade of horror, despair and destruction  
untold Aeons ago my legacy written, in my own grasp is the fate of the world  
Hatred swells consuming my body, I hear the voices of those I betrayed  
Now my hands are covered in their blood, I must keep fighting  
I'm Ariocho's slave

Doomed to live forever on the edge of time  
With Stormbringer at my side  
Doomed to feed forever on the souls of enemies  
And gain strength from the souls of the ones I loved

Bane of the Black Sword!  
Eternal war!
