

Bane of the Black Sword

Skelator

I see myself trapped inside this blade of horror, despair and destruction
untold Aeons ago my legacy written, in my own grasp
is the fate of the world
Hatred swells consuming my body, I hear the voices of those I betrayed
Now my hands are covered in their blood, I must keep fighting
I'm Ariocho's slave

Doomed to live forever on the edge of time
With Stormbringer at my side
Doomed to feed forever on the souls of enemies
And gain strength from the souls of the ones I loved

Bane of the Black Sword!
Eternal war!
