

Riders of the Wehrmacht

Skelator

Blitzkrieg wings of death
Soar across the Warsaw sky
The enemies take one last breath
Before they die
Showing no mercy
To the enemy below
The final ego of adversity
Has taken it's toll

(Chorus)

Riders of the Wehrmacht
Their destiny is death
Riders of the Wehrmacht
Your race, they detest
Riders of the Wehrmacht
They'll take your last breath
Riders of the Wehrmacht
They'll lay you to rest

Nothing else on there mind
but mutilation and demise
Bred to demolish
The enemy they must abolish
Death is there nature
World domination they seek
Worship there dictator
or be diceased
