The Skelatorian Manifesto

Skelator

God of Metal, God of Thunder
Gods of Glory, Gods of Honor
We call upon thee to reveal our true Master
For we are Peril, surrounded by disaster

The Human Plague has reached it's peak
For Hypocrisy is all they speak
Truth has no meaning, why live anymore?
We raise our swords high; we wear our armor
We Declare war on Humanity
We Declare war on Christianity
We Declare war on all things False

But what is this, he is here
Our Savior, the King of Fear
Riding Pantbor with his Staff held high
Lightning strikes, be yells his battle cry
"Give Me Metal of Give Me Death"

We The Warrior's of Genocide will do his every command
For those who Defy him they will die by his hand
He will defile, He will prevail
Behold his Red Omen, behold his prophecy
For once it is completed, Good rid of Humanity
ALL PRAISE THE MIGHTY SKELATOR!!!!
