

# Hands on the Clock

Skeletal Family

Everybody needs a winner  
Someone to find a solution  
You can't do it on your own  
It's a hard life, on your own  
Someday, somewhere, someone  
Even if you gotta toe the line  
You can't stop the hands of the clock  
Time beats right the way down the line

Searching, looking for someone  
Saw them last night in your sleep  
Watching out the window  
Someway, someone  
You can't say it's hard to find  
Even if you gotta toe the line  
You can't stop the hands of the clock  
Time beats right the way down the line

Could this be the answer  
The never ending dream  
Watching and waiting  
There's no way to go  
You can't say it's hard to find  
Even if you gotta toe the line  
You can't stop the hands of the clock  
Time beats right down the line  
Right down the line...
