

This time

Skeletal Family

I don't understand
It's time to tell me
Where I stand

Can't hide your way no more
I'm going to make my stand
Just like I told you before

Tomorrow's another day
I don't care what people say
I'm not runing away
I'm here to stay

Tomorrow's another day
I don't care what people say
I'm not gonna hide away
I'm not gonna hide away

If you care, do you understand
I can't hide away no more
And the picture on the wall
That you're gonna regret
It stares at me everyday
Tell me I can't hide away
So I don't betray and make it back to you

So here we are again
That's the begining
Ready to start anew
Don't change your mind
I'll be with you this time
When you have to make your stand

Tomorrow, Today
I don't care what people say
I'm not running away
I'm here to stay

Tomorrow, Today
I don't care what people say
I'm not gonna hide away
I'm not gonna hide away
