

# Vengeance Will Be Mine

Skeletonwitch

From deep inside black heart beats  
Strong with desire  
Kill crush the weak and leap the dead  
Set their world afire  
Death seal your fate  
Remain and die  
Casualties grow higher  
Pain misery torment death  
Rule this world  
Seeking out my foes  
Take away their lives  
Ungodly hate inside  
Vengeance will be mine  
From deep inside black heart beats  
Strong with desire  
Kill crush the weak and leap the dead  
Set their world afire  
Death seal your fate  
Remain and die  
Causalities grow higher  
Pain misery torment death  
Rule this world  
Seeking out my foes  
Take away their lives  
Ungodly hate inside  
Vengeance will be mine
