

## Sign Of A Storm

Skepticism

By The healing waters  
Of my lovely shores  
I laid  
The air so bleak  
So cold  
I breathed with my eyes  
With my ears  
Through aeons went my journey

From these mountains  
I swear the world  
I am the hammer  
I am lightning  
By the signs I shall return  
To burn all land  
Beyond the seas
