

## Another Dick in the System

Skid Row

I'm not the devil  
But I can show my horns  
All the things I did to you  
Could have been in a porn  
Then I heard the rumors  
Now I know they're true  
Some strange motherfucker  
Is gonna do 'em to you

I said I loved you but you didn't listen  
I know there's another dick in the system  
I said I loved you but you didn't listen  
I know there's another dick in the system

I've lived with angels  
I've laid with whores  
I gave you nothing but honesty  
Then I licked your sores  
I'm not the one to crucify  
With blood, iron and wood  
You're not the saviour to me anymore  
You're damaged goods... Yeah

I said I loved you but you didn't listen  
I know there's another dick in the system  
I said I loved you but you didn't listen  
I know there's another dick in the system

I said I loved you but you didn't listen  
I know there's another dick in the system  
I said I loved you but you didn't listen  
I know there's another dick in the system  
Hey Hey  
Hey Hey  
Hey Hey Hey  
Hey Hey Hey
