

# Mouth of Voodoo

Skid Row

You're testing my patience  
I've got nothing but time  
You'll never break down  
The walls in my mind

Your fetishes are nothing more than a game  
When I truly test your threshold of pain  
Let me be in you ceremony  
Burn me in your ritual  
I can rise with you below me  
We'll walk in time as we fall into the mouth of voodoo

Then we can shine, shine, shine  
And I'm sure the sun won't mind  
Then we can shine, shine, shine - oh yeah!

Your love is so blinding  
My lust is a curse  
It's painful to wonder but waiting is worse  
You're sticking your pins now  
It's taking it's toll  
Crush and obsession leave scars on your soul

Let me be in you ceremony  
Burn me in your ritual  
I can rise with you below me  
We'll walk in time as we fall into the mouth of voodoo

Then we can shine, shine, shine  
And I'm sure the sun won't mind  
Then we can shine, shine, shine - oh yeah!

Let me be in you ceremony  
Burn me in your ritual  
I can rise with you below me  
We'll walk in time as we fall into the mouth of voodoo

Then we can shine, shine, shine  
And I'm sure the sun won't mind  
Then we can shine, shine, shine

Then we can shine, shine, shine  
I'm sure the sun won't mind - yeah!  
Then we can shine, shine, shine  
Then we can shine, shine, shine - oh yeah!

Oh, oh, oh...
