

# Circus for a Psycho

Skillet

Psycho! Psycho! C-c-cho!  
Psycho! Psycho! Here we go!

You push it 'til I break  
And the anger turns to rage  
Why can't you just leave it alone?  
You've got your finger on the trigger  
And you think that you're the winner  
But you're gonna get kicked,  
off of your throne now.

You think you're gonna hurt me  
Get ready to get dirty  
Pity this beast inside  
This beast inside  
Pull the noose tighter,  
And lift a little higher  
Cuz you're killing me slow, I aint ready to die  
Killing me slow, but I aint ready to die!

Tonight, get ready for a fight  
So now you know it's time to ride  
The circus for a psycho  
Round and round we go  
Look out below, 'cause I  
Want off this high... (Want off this...)  
Circus for a psycho!  
(Psycho! C-c-cho!)  
Circus for a psycho  
(Psycho! Here we go!)  
(Psycho! Here we go!)

Everybody down, gonna burn it to the ground  
Can you keep this beast inside?  
This beast inside  
Never again, never again  
Killing me slow, I aint ready to die  
Killing me slow, but I aint ready to die!

Tonight, get ready for a fight  
So now you know it's time to ride  
The circus for a psycho  
Round and round we go  
Look out below, 'cause I  
Want off this high... (Want off this...)  
Circus for a psycho!

Circus for a psycho  
(Psycho! Here we go!)

You think you're gonna hurt me  
Get ready to get dirty  
Gonna burn this place to the ground!
