Skillet

R: Never reaching what I want to reach  
Never being who I want to be  
Blaming me when I fall and fail  
All my dreams splintering  
Under my fingernails  
Under my fingernails

I'm empty, lonely, and accused  
Accused without a word  
My fingernails are chipping down  
From clawing in the dirt  
I'm so lost, lost and confused  
I threw it all away  
How can I be beautiful  
When I am so afraid

R:

I watched it all slip through my hands  
My brokenness revealed  
I'm so proud, I'm so proud  
I'm crying to be filled  
I'm killing, destroying the plague  
That's killing me away  
I've got to live, I've got to love  
Like I am unafraid

R:

All my dreams out of reach  
Under my fingernails

I'm wasting, wasting every moment  
I want to be tasting  
Tasting every moment with you  
I'm suffering, I'm bleeding, on my knees  
Who's going to save me?  
Suffering, bleeding  
Save me from this pit of frailty

R:

All my dreams out of reach  
Under my fingernails  
Never reaching me
