

# Good to Be Alive

Skillet

When all you got are broken dreams  
Just need a second chance  
And everything you want to be  
Gets taken from your hands  
We hold onto each other  
All we have is all we need  
Cause one way or another  
We always make it you and me

This life could almost kill ya  
When you're trying to survive  
It's good to be here with ya  
And it's good to be alive

It's good to be alive  
I was lost and I was gone  
I was almost dead inside  
You and me against the world  
It's a beautiful night  
It's good to be alive

It's good to be alive  
It's good to be alive  
It's good to be alive  
It's good to be alive  
It's good to be alive

Driving down this highway  
Soaking up the sun  
Got miles to go before we get home  
And the journey's just begun  
We hold onto each other  
You are everything I need  
You feel like forever  
You're a second chance for me

This life could almost kill ya  
When you're trying to survive  
It's good to be here with ya  
And it's good to be alive

It's good to be alive  
I was lost and I was gone  
I was almost dead inside  
You and me against the world  
It's a beautiful night  
It's good to be alive

It's a beautiful night  
Yeah, it's all right  
It's good to be alive

Nananana nanananana

This life could almost kill ya  
When you're trying to survive

It's good to be alive  
It's good to be alive  
And it's good to be alive

It's good to be alive  
I was lost and I was gone  
I was almost dead inside  
You and me against the world  
It's a beautiful night  
It's good to be alive

It's a beautiful night  
Yeah, it's all right  
It's good to be alive
