

# Never Going Back

Skillet

Can you hear me?  
Never  
Can you hear me?  
Never  
Can you hear me?

I used to be caged  
Never stood my ground  
I lived like your slave  
Those days are over now

Oh no  
You will never know me  
Let go  
You will never own me  
No more  
Like before  
Never gonna be  
Never gonna be yours

All my life  
I'm never going back  
I never say die  
And I ain't starting yet  
Tell no lies  
I'm never going back  
My back's against the wall  
But I know who I am  
Never go  
Never goin' back

Never  
Can you hear me?  
Never

Like an angel of light  
You pull me close again  
Devil in a disguise  
The teeth are sinking in

Oh no  
You will never know me  
Let go  
You will never own me  
No more  
Like before  
Never gonna be  
Never gonna be yours

All my life  
I'm never going back  
I never say die  
And I ain't starting yet  
Tell no lies  
I'm never going back  
My back's against the wall  
But I know who I am

Never go  
Never goin' back

Oh no  
You will never know me  
Let go  
You will never own me  
No more  
Like before  
Never gonna be  
Never gonna be yours

All my life  
I'm never going back  
I never say die  
And I ain't starting yet  
Tell no lies  
I'm never going back  
My back's against the wall  
But I know who I am

All my life (Never gonna be, never gonna be yours)  
I'm never going back  
I never say die (Never gonna be, never gonna be yours)  
And I ain't starting yet  
Tell no lies (Never gonna be, never gonna be yours)  
I'm never going back  
My back's against the wall (Never gonna be, never gonna be yours)  
But I know who I am  
Never go  
Never goin' back

Never go  
Never goin' back

Never  
Can you hear me?  
Never  
Can you hear me?
