One Day Too Late

Tick tock hear the clock countdown Wish the minute hand could be rewound So much to do and so much I need to say Will tomorrow be too late

Feel the moment slip into the past Like sand through an hourglass In the madness I guess I just forget To do all the things I said

Time passes by Never thought I'd wind up One step behind Now I've made my mind up

Today I'm gonna try a little harder Gonna make every minute last longer Gonna learn to forgive and forget 'Cause we don't have long, gonna make the most of it

Today I'm gonna love my enemies Reach out to somebody who needs me Make a change, make the world a better place 'Cause tomorrow could be one day too late One day too late One day too late

Tick tock hear my life pass by I can't erase and I can't rewind Of all the things I regret the most I do… Wish I'd spent more time with you

Here's my chance for a new beginning I saved the best for a better ending And in the end I'll make it up to you, you'll see You'll get the very best of me

Your time is running out You're never gonna get it back Make the most of every moment Stop saving the best for last
