

# Rise Up

Skillet

Rise up, rise up  
Just like a fire  
Rise up, rise up

No way  
Never gonna bow to your hate  
Can't pull me under  
Stand proud  
Say it like you mean it  
Shout out  
With voices like thunder

Slap in the face  
You put me away  
I'll stay in the game  
I'll finish the race  
Give it my all  
My heart and my soul  
You can't control

Love's gonna be our battlecry  
So hear me

Rise up, rise up  
Just like a fighter  
We will rise again  
Rise up, rise up  
We got the fire  
Burn until the end  
No fear, no doubt tonight  
I'm feeling so alive  
Rise up, rise up  
We got the fire  
We will rise (rise)  
We will rise again

Rise up, rise up (rise up)  
We got the fire  
Rise up, rise up (rise up)  
We got the fire

Day, night  
The pendulum is swinging  
Left, right  
Our fate gets closer  
Stand now  
The enemy is knocking  
Scream out  
With voices like thunder

Cause I believe we are the free  
I know who I am, can't take it from me  
I will defend, never pretend  
I won't give in

Love's gonna be our battlecry  
So we will

Rise up, rise up  
Just like a fighter  
We will rise again  
Rise up, rise up  
We got the fire  
Burn until the end  
No fear, no doubt tonight  
I'm feeling so alive  
Rise up, rise up  
We got the fire  
We will rise (rise)  
We will rise again

Rise up, rise up (rise up)  
We got the fire  
Rise up, rise up (rise up)  
We got the fire

Rise up, rise up  
Just like a fighter  
We will rise again  
Rise up, rise up  
We got the fire  
Burn until the end  
No fear, no doubt tonight  
I'm feeling so alive  
Rise up, rise up  
We got the fire  
We will rise (rise)  
We will rise again

Rise up, rise up (rise up)  
We got the fire  
Rise up, rise up (rise up)  
We got the fire
