

# The Healing

Skindred

In addy ghetto where the shots dem bust off  
Yoots dem duss off jump in addy car and dem just take off  
Beg we no beg from we hungry we thirsty  
Done a man life and we nah show no mercy

But thats the way the yoots they are going on every day now  
They will blow you away and if you asked dem wha gwan dem have nothing say

Everyday these tribulation revelations  
Every day we feel it all, read it all  
Now every day ah revelation  
Whether Brixton, Bradford or Birmingham  
You know we need a solution  
And I know

Nuff ah dem no put down the knife  
Nuff ah dem der yoot deh they don't live long life  
Dem no live long life  
We see it every day  
Hussle dem ah hussle like dem lose dem sight  
Is like dem lose dem way

But thats the way the yoots they are going on every day now  
They will blow you away and if you asked dem wha gwan dem have nothing say

Everyday these tribulation revelations  
Every day we feel it all, read it all  
Now every day ah revelation  
Whether Brixton, Bradford or Birmingham  
You know we need a solution  
And I know

Start thinking now  
Unity man dat run the place  
Start thinking now  
Raise your fist cuz you're born to win  
Start thinking now  
We don't care bout the colour of your skin  
Start thinking now  
At the start that's where we begin

Well every day ah tribulation  
Whether Brixton, Bradford or Birmingham  
We need a solution  
And I know

Well every day ah tribulation  
Whether Brixton, Bradford or Birmingham  
We need a solution  
And I know
