Skindred

And so again you know we're on it  
Don't even bother try to tell we stop it  
I'll take them straight to the hanging tree  
This is the sound that makes me nasty  
No body ramp with this sound quality  
Believing in the rockers and the riddim that's in me  
We come to rock your spot bring the energy

Why you wouldn't try this dj dem supply  
this everybody taste this ruff neck sound  
Turn up the volume make the speakers dem blow  
Life on track not turning back  
And never let it go grow  
Life on track not turning back  
Keep turning it up the volume the volume  
the volume the volume the volume the volume  
Keep turning it up the volume the volume  
the volume the volume the volume the volume

So me say broke up broke up make the people jump up  
Queue way down the road and make the people line up  
Gal ah wine up to the metal do the dirty wine slut  
And the dance nah done until the speaker dem fucked
